-  = Search Area Boundaries
-  = Field, Regina, Bryant and Central Neighborhood Boundaries

6th District Dog Park Community Advisory Committee

Discussion of Customers and Stakeholders

Customers

The primary customers of the 6th District Dog Park are those dog owners in and near the service area who will use it – with a focus on those within walking distance.

Stakeholders of the 6th District Dog Park are:

- Residents and workers in the near vicinity of the Dog Park
- Other users of the designated area for purposes other than the Dog Park
- Users of other nearby public spaces impacted by the location of the Dog Park
- Other dog park permit holders
- Users of natural resources or public ways impacted by the ongoing implications and maintenance of the site as a dog park
- Other residents and taxpayers of Minneapolis

Regrouped Draft Criteria for Decision-Making/Site Evaluation

	Priority
Ease of Access/Usage	
Available to the greatest number of people in an area that maximizes walk-ability	
Ease of parking	
Accessible to people with physical handicaps and with wheelchairs	
Serves a currently underserved population	
Safety	
Safe for owners, pets and other traffic	
Safe pedestrian accessibility	
Geographic features	
Maximizes the available space	
Support possible expansion	
Not steeply sloped (areas with slope greater than 12% will not be included in calculation of dog park size)	
Sufficient shade and other needs of people/dogs	
Environmental Effects	
Meets watershed guidelines and other ordinances	
Addresses environmental issues such as contaminants or waste water (soil erosion)	
Has not significant adverse impact on areas with protected wildlife or vegetation	
Compatible with adjacent land uses	
Neighborhood Effects	
Avoids or mitigates negative impacts on neighboring communities	
Minimizes disruption of traffic patterns or parking	
Adds value and becomes an asset to the community	
Can handle more people (water fountains, bathrooms, garbage cans, etc)	

6th District Dog Park Community Advisory Committee

Discussion of Customers and Stakeholders

Take a site and bring it to a higher use	
MPRB Requirements	
Be of reasonable cost to the MRPB for capital cost	
Be of reasonable cost for maintenance cost	
Meets dog users needs and documented demand	
Balances interests between current park users and dog owners	
Meshes with programming desired by the community and other Minneapolis Park stakeholders	
Consistent with MPRB policies and plans
