

Updated schedule: Southbound I-35W to 46th Street ramp closure

The southbound I-35W to 46th Street ramp is scheduled to close in June 2019 but was previously planned to remain closed through fall 2020. However, MnDOT and the construction contractor have worked together to reconfigure traffic movements and accelerate some reconstruction work on I-35W, which has enabled us to shorten the length of time the ramp will be closed. Below is the updated ramp closure schedule.

Early June 2019

- The southbound I-35W to 46th Street ramp will close in early June
- The ramp will be closed for approximately one month
- During the closure, crews will be reconstructing the right lane of southbound I-35W
- Motorists will need to use Diamond Lake Road or 60th Street to exit southbound I-35W

Late June 2019 – Fall 2020

- The southbound I-35W to 46th Street ramp will reopen at the end of June 2019
- However, there will be intermittent closures of this ramp through fall 2020

Construction activities are subject to change due to weather, schedule and unforeseen impacts.

35W@94: Downtown to Crosstown is a reconstruction project on I-35W between 43rd Street and downtown Minneapolis.

The work includes reconstructing pavement, bridges and ramps on I-35W, adding new MnPASS lanes on northbound and southbound I-35W, constructing new access ramps to the Lake Street Business District and building a new transit station on the interstate. Once complete, motorists and residents will have better accessibility, safety and mobility in the area.

Work is expected to be completed in fall 2021.
