

KFNA E-Vote:

Motion, Marshall Onsrud—

I propose KFNA provides a letter of support for NEHBA regarding a CPED grant they are applying for; this is a grant for continuation funding for a project and organization we have supported in the past

victoria pena [penapetunia@yahoo.com] I am for a letter of support being written on our behalf..

JobyLynn Sassily-James [life.refurbished@gmail.com]

Scott Bordon [scottbordon@hotmail.com] I support KFNA sending letter. If KFNA has supported this in the past I don't know that it is necessary to vote. So if a vote is not required and there is no objection I ask that Sarah please write a letter of support. I likely will not have access to email tomorrow during the day.
